DIGITAL HOLTER BY MIDMARK
The Midmark IQholter® System combines a compact digital recorder with three powerful software applications. Our three tiers of Holter solutions are specifically designed to meet different practice needs, from family physicians to cardiologists.

**A POWERFUL HOLTER SYSTEM DESIGNED FOR YOUR PRACTICE**

**IQholter® Recorder:**
- Small and lightweight, the recorder weighs only 2.8 oz.
- Well-lit display and intuitive keypad make clinician navigation and menu control easy
- On-screen leads and channel identification for speed and simplicity during patient hookup
- Automatic startup self-test with warning alarm ensures reliable recording
- 5-lead hookup for 3-channel recording; 7-lead option available
- 24-hour standard recording (48 and 72-hour recording capabilities available)
- Removable Secure Digital (SD) card allows for immediate patient turnaround

**IQholter®:**
- Color-coded arrhythmia events to identify different ECG morphologies
- Comprehensive reports with auto narrative summary to effectively reveal important test data and statistics
- Ability to edit and review test results and full disclosure locally or on the network without printing

**IQholter® EX:**
- Provides the ability to preview and adjust criteria settings to match patient’s recording before the analysis
- Identifies Atrial Fibrillation (AF) events based on parameters set by the clinician
- Smart Page Scan to highlight specified events and reveal entire episodes at a glance
- Arrhythmia Templates with Intelligent Sorting to facilitate quick reviews and edits
- QT and QTc analysis for identifying prolonged intervals

**IQholter® EP:**
- Offers all the standard features of IQholter® and IQholter® EX
- Includes pacemaker detection to identify single and dual-chamber paced beats for non-captures and sensing failures
- Automatic pacemaker detection eliminates setting changes between patients

The IQholter® Recorder can be worn as comfortably as an MP3 player or cell phone.

**IQholter® Technology by Midmark**

All the features you need, in a solution tailored just for you.
