Ultrasound Tables

- Ultrasound Tables
- Echocardiography Tables
- Vascular Tables
NEW Adjustable Headrest Extension (optional)

NEW Motor-controlled ergonomic Fowler back with infinite adjustments through 80°

NEW Redesigned Hand Controller

NEW Return lever for cardiac cutout

NEW Articulating arm board

NEW Industry’s largest cardiac scanning cutout

NEW Lever for drop-down cardiac cutout

NEW Side rails fold down, out of the way

NEW Retractable, ergonomic stirrups

All motorized tables are ETL product listed to the UL 60601-1 Medical Electrical Equipment Safety Standard.

1 Standard on Sound Pro. Optional on all other tables.
By simply making them better... make the scanning experience more comfortable for the patient, and more ergonomically correct for the sonographer.

And that is just what Biodex has done.

With customer satisfaction driving the decision, Biodex has applied hands-on suggestion to the redesign.

The result... feature-rich tables that meet the concerns of today’s sonographer, at a cost you can afford.
Accommodates BARIATRIC Patients

Suitable Procedures:
- Abdomen
- Renal
- Aorta
- Pelvis
- Endovaginal
- OB
- Hysterosonography
- Thyroid
- Testicular
- Breast
- Musculoskeletal
- Carotid
- DVT/Lower Extremity Venous
- Lower Extremity Arterial
- Venous Reflux
- Upper Extremity Venous
- Upper Extremity Arterial
- Renal Artery
- Renal Transplant
- Abdominal Doppler
- SMA
- Echocardiography
- Stress Echo
- Transesophageal Echo
The Sound Pro Combination Table combines the imaging features of the Ultra Pro and Echo Pro tables. Fully equipped for OB/GYN, general ultrasound and echocardiography, this extra wide table is redesigned for maximum ergonomics for both patient and sonographer. New side rails are flush to the table, enabling closer access to the patient, without sonographer contortion.

When not in use, rails are stowed beneath the table, eliminating obstruction. Redesigned cardiac drop-down cushion provides the largest cardiac access of any table, and can be controlled from either side of the table, providing unencumbered access for acquiring apical images. The motorized Fowler back is infinitely adjustable to 80 degrees via hand or foot control, and redesigned to accommodate natural body extension and sitting position.

The Sound Pro Combination Table is so accommodating, it reduces the total amount of time required to achieve a quality image. Stress patients are off the treadmill and quickly onto the table in imaging position. Patient comfort is assured, even during lengthy procedures with cushioned arm supports, optional stirrups that cup at the heel, and a new softer feel antimicrobial mattress cover.

Sound Pro Combination Table

**SPECIFICATIONS:**

- **Dimensions:** 71" l x 30" w (180.3 x 76.2 cm), 35" w (88.9 cm) with side rails
- **Drop-Down Leg Section:** 12.6° (32 cm)
- **Height Adjustable:** 23° to 39° (58.4 to 99 cm)
- **Tabletop:** Three primary sections: torso section features sonographer and patient cutouts with Fowler positioning; center section remains fixed and leg section drops down to 40° and 80° for stirrup access
- **Drop-Down Cardiac Scanning Cushion:** Release from either side of the table
- **Adjustable Sonographer Cushion:** drops down or folds up for maximum access to the patient
- **Mattress:** Torso section 2" (5 cm) thick, center and leg sections 3" (8 cm) thick; foam rubber pad covered with seamless, durable Naugahyde®
- **Upholstery Color:** Graphite
- **Motions:**
  - **Height Adjustable:** 23° to 39° (58.4 to 99 cm)
  - **Trendelenburg:** 0° to ±15°
  - **Fowler Back:** 0° to 80° infinitely adjustable
- **Controls:**
  - **Hand Control:** Activates height, Trendelenburg motions, Fowler positioning and auto level motions
  - **Foot Control:** Activates height, Trendelenburg motions and Fowler positioning
- **Wheels:** 5" (12.7 cm) Individual locking swivel casters; central floor locking system
- **Patient Restraints:** One body strap
- **Finish:** Powder coat
- **Patient Capacity:** 500 lb (227 kg); weight tested to four times the patient load rating.
- **Weight:** 350 lb (159 kg)
- **Power:** 115 VAC or 230 VAC
- **Warranty:** Two-year
- **Certifications:** ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1-M90 and EN 60601-1 standards.

**058-710** Table, Combination, Sound Pro, 115 VAC
Includes: hand and foot controllers, folding side rails, articulating scanning arm board, retractable stirrups, IV pole and paper dispenser.

**058-715** Table, Combination, Sound Pro, 230 VAC
Includes: hand and foot controllers, folding side rails, articulating scanning arm board, retractable stirrups, IV pole and paper dispenser.

Table Accessories detailed on pages 22-23.
Suitable Procedures:

- Abdomen
- Renal
- Aorta
- Pelvis
- Endovaginal**
- OB
- Hysterosonography
- Thyroid
- Testicular
- Breast
- Musculoskeletal
- Carotid
- DVT/Lower Extremity Venous
- Lower Extremity Arterial
- Upper Extremity Venous*
- Renal Artery
- Renal Transplant
- Abdominal Doppler
- SMA
- Transesophageal Echo

*Requires optional vascular arm board.
**Requires optional stirrups.
Ergonomic and comfort-focused design.

- New ergonomic design for enhanced patient and sonographer comfort
- Drop-down contoured leg section
- Redesigned, optional side rails, flush to table for unencumbered patient access
- Allows for seated or standing work positions
- 500-lb patient capacity, suitable for bariatric patients
- Height range down to 23" accommodates wheelchair transfers and those with ambulatory difficulties
- Motorized height, Fowler positioning, Trendelenburg and auto-level adjustment
- Durable hand controller activates table positions
- Enhanced central floor locking system
- New soft-touch antimicrobial vinyl mattress cover
- Optional retractable stirrups with enhanced contouring and extra-long extension for larger patients
- Optional scanning arm board, adjustable from 0 to 130 degrees
- Optional headrest extension, drops down 15 degrees to allow for carotid studies

The redesigned Ultra Pro Ultrasound Table is dedicated to general ultrasound procedures including OB/GYN. Ergonomics are enhanced to provide greater patient and sonographer comfort, with an assortment of table options to suit your department needs. The table is so accommodating, it reduces the total amount of time required to achieve a quality image.

New side rails eliminate barriers between sonographer and patient, allowing correct scanning posture to help prevent musculoskeletal injury. Rails are flush to the table, enabling closer access to the patient, without sonographer contortion. When not in use, rails fold beneath the table, eliminating obstruction.

Enhanced central floor locking system offers easier access from around the table, and motorized Fowler back accommodates natural body extension and sitting position without shift. A new antimicrobial vinyl mattress cover ensures patient comfort, while safeguarding against infection.

Ultra Pro Combination Table

**SPECIFICATIONS:**
- **Dimensions:** 70" l x 30" w (177.8 x 76.2 cm); 35" w (88.9 cm) with optional side rails
- **Drop-Down Leg Section:** 12.6" l (32 cm)
- **Height Adjustible:** 23" to 39" (58.4 to 99 cm)
- **Tabletop:** Three primary sections: torso section with Fowler positioning, center section remains fixed and leg section drops down to 40° and 80° for stirrup access
- **Mattress:** Torso section 2" (5 cm) thick, center and leg sections 3" (8 cm) thick; foam rubber pad covered with seamless, durable Naugahyde®
- **Upholstery Color:** Graphite
- **Motions:**
  - **Height Adjustable:** 23" to 39" (58.4 to 99 cm)
  - **Trendelenburg:** 0° to ±15°
  - **Fowler Back:** 0° to 80° infinitely adjustable
- **Controls:**
  - **Hand Control:** Activates height, Trendelenburg motions, Fowler positioning and auto-level motions
  - **Foot Control (optional):** Activates height, Trendelenburg motions, and Fowler positioning
- **Wheels:** 3" (12.7 cm) Individual locking swivel casters; central floor locking system
- **Patient Restraints:** Two body straps
- **Finish:** Powder coat
- **Patient Capacity:** 500 lb (227 kg); weight tested to four times the patient load rating.
- **Weight:** 335 lb (152 kg)
- **Power:** 115 VAC or 230 VAC
- **Warranty:** Two-year
- **Certifications:** ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1-M90 and EN 60601-1 standards.

058-720 Table, Ultrasound, Ultra Pro, 115 VAC  Includes Hand Controller.
058-725 Table, Ultrasound, Ultra Pro, 230 VAC  Includes Hand Controller.

Table Accessories detailed on pages 22-23.
Suitable Procedures:

*Requires optional vascular arm board.
**Requires optional stirrups.
Economically priced, rich with features.

- Improved ergonomic design helps prevent musculoskeletal injuries – comfortable shoulder, arm and hand positions when scanning
- Allows seated or standing work positions
- 500-lb patient capacity, suitable for bariatric patients
- Height range down to 23" accommodates wheelchair transfers and those with ambulatory difficulties
- New durable hand controller activates table positions
- Motorized height and Fowler positioning redesigned to accommodate natural body extension and sitting position
- New optional side rails flush to table for unencumbered patient access
- New softer feel antimicrobial vinyl mattress cover
- Optional retractable stirrups with enhanced contouring and extra-long extension for larger patients
- Optional vascular scanning arm board, adjustable from 0 to 130 degrees
- Optional headrest extension, drops down 15 degrees to allow for carotid studies

Similar to the Ultra Pro Ultrasound Table, with feature and function, the Econo Ultrasound Table is offered without Trendelenburg positions or central locking casters to deliver a lower cost alternative. The Econo Ultrasound Table is a dedicated table for all general ultrasound procedures, including OB/GYN.

The new table design provides enhanced ergonomics for patient and sonographer comfort, while offering an assortment of table options to suit your department needs. Optional stirrups are cupped at the heel for greater patient comfort, and new optional headrest extends down to 15 degrees for carotid studies.

Redesigned side rails are flush to the table, enabling closer access to the patient, without sonographer contortion. When not in use, rails are stowed beneath the table, eliminating obstruction. Motorized Fowler back is infinitely adjustable up to 80 degrees via durable hand controller and accommodates natural body extension and sitting position. Leg section drops down to 40 degrees for patients with circulatory issues and 80 degrees for stirrup access.

Econo Ultrasound Table

**SPECIFICATIONS:**
- Dimensions: 70" l x 30" w (185.4 x 76.2 cm); 35" w (88.9 cm) with optional side rails
- Drop-Down Leg Section: 12.6" l (32 cm)
- Height Adjustable: 23" to 39" (58.4 to 99 cm)
- Tabletop: Three primary sections: torso section with Fowler positioning, center section remains fixed and leg section drops down to 40° and 80° for stirrup access
- Mattress: Torso section 2" (5 cm) thick, center and leg sections 3" (8 cm) thick; foam rubber pad covered with seamless, durable Naugahyde®
- Upholstery Color: Graphite
- Controls:
  - Height Adjustable: 23° to 39° (58.4 to 99 cm)
  - Fowler Back: 0° to 80° infinitely adjustable

Table Accessories detailed on pages 22-23.
Suitable Procedures:
- Abdomen
- Renal
- Aorta
- Pelvis
- Thyroid
- Testicular
- Breast
- Musculoskeletal
- Carotid
- Upper Extremity Venous*
- Lower Extremity Arterial
- Upper Extremity Arterial*
- Renal Artery
- Renal Transplant
- Abdominal Doppler
- SMA
- Echocardiography
- Stress Echo
- Transesophageal Echo

* Requires optional vascular arm board
Closer patient access reduces sonographer injuries.

- Improved ergonomic design helps prevent musculoskeletal injuries – comfortable shoulder, arm and hand positions when scanning
- Allows seated or standing work positions
- Extra wide top with 500-lb patient capacity, suitable for bariatric patients
- Height range down to 23” accommodates wheelchair transfers and those with ambulatory difficulties
- Redesigned cardiac drop-down cushion, allows release and return from either side of table
- Side rails are flush to table for unencumbered patient access
- Motorized height, Fowler positioning, Trendelenburg and auto level adjustment
- New soft-touch antimicrobial vinyl mattress cover
- Optional Articulating Scanning Arm Board, adjustable from 0 to 130 degrees
- Optional headrest extension for easier thyroid and carotid access

There are no barriers between sonographer and patient on the Echo Pro table, which is enhanced for maximum ergonomics for both patient and sonographer. The new cardiac scanning cutout is redesigned to drop down and release from either side of the table, with nothing protruding. This provides open access to the left thorax area for an unobstructed apical approach.

New Fowler positioning accommodates natural body extension and sitting positions (no shift or slide) and is infinitely adjustable to 80 degrees via hand or foot controller. Redesigned side rails are flush to the table, allowing for closer patient access. Rails stow completely beneath table, out of the way of sonographer, eliminating any potential obstruction.

Optional headrest is ideal for carotid and thyroid procedures, allowing for greater neck extension and easier thyroid and carotid access. Patient comfort is assured, even during lengthy procedures with cushioned arm supports and new softer feel antimicrobial vinyl covering.

Echocardiography Table

**Specifications:**
- **Dimensions:** 73" l x 30" w (185.4 x 76.2 cm); 35" w (88.9 cm) with optional side rails
- **Height Adjustable:** 23" to 39" (58.4 to 99 cm)
- **Tabletop:** Two primary sections: torso section: features sonographer and patient cutouts with Fowler positioning, and lower body section remains fixed
- **Drop-Down Cardiac Scanning Cushion:** Release from either side of the table
- **Adjustable Sonographer Cushion:** drops down or folds up for maximum access to the patient
- **Mattress:** Torso section 2" (5 cm) thick, lower body section 3" (8 cm) thick; foam rubber pad covered with seamless, durable Naugahyde®
- **Upholstery Color:** Graphite
- **Motions:**
  - **Height Adjustable:** 23" to 39" (58.4 to 99 cm)
  - **Trendelenburg:** 0° to ±15°
  - **Fowler Back:** 0° to 80° infinitely adjustable
- **Controls:**
  - **Hand Control:** Activates height, Trendelenburg motions, Fowler positioning and auto level motions
  - **Foot Control (optional):** Activates height, Trendelenburg motions, and Fowler positioning
- **Wheels:** 5" (12.7 cm) Individual locking swivel casters; central floor locking system
- **Patient Restraints:** Two body straps
- **Finish:** Powder coat
- **Patient Capacity:** 500 lb (227 kg); weight tested to four times the patient load rating.
- **Weight:** 335 lb (152 kg)
- **Power:** 115 VAC or 230 VAC
- **Warranty:** Two-year
- **Certifications:** ETL and eETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1-M90 and EN60601-1 standards.

058-700 Echocardiography, Echo Pro™, 115 VAC Includes Hand Controller.
058-705 Table, Echocardiography, Echo Pro™, 230 VAC Includes Hand Controller.

Table Accessories detailed on pages 22-23.
Suitable Procedures:

• Echocardiography
• Stress Echo
• Transesophageal Echo

Lower Extremity
• Venous Ablation
• Venous Insufficiency
• Venous Reflux
• Venous Mapping and Doppler (DVT)
• Arterial Scan/Doppler (PAD)

Upper Extremity
• Arterial*
• Testicular
• Musculoskeletal
• Carotid
• Carotid Duplex
• Transcranial
• Abdomen
• Aorta
• Thyroid
• Breast
• Renal
• Renal Transplant
• Renal Artery
• Venous Access Placement and Assessment*
• SMA

* Requires optional vascular arm board
The redesigned Echo-Vasc Pro Vascular Table is the logical choice when performing vascular scanning and echocardiography to view arteries, veins and heart chambers. The table design improves images by providing dramatic 30 degree reverse Trendelenburg positioning.

**Enhanced ergonomics for vascular and echocardiography imaging.**

- Improved ergonomic design helps prevent musculoskeletal injuries – comfortable shoulder, arm and hand positions when scanning
- Allows seated or standing work positions
- Height range down to 23” accommodates wheelchair transfers and those with ambulatory difficulties
- Extra-wide top with 500-lb patient capacity, suitable for bariatric patients. Weight tested to four times the patient load rating
- New side rails are flush to table for unencumbered patient access
- Motorized height, Fowler positioning, Trendelenburg motions and auto-level adjustment
- Reverse Trendelenburg to 30 degrees
- Fowler positioning, 0 – 80 degrees, redesigned to accommodate natural body extension and sitting position without slide or shift
- New improved cardiac drop-down cushion; release and return from either side of table
- Durable hand controller
- New softer feel antimicrobial vinyl mattress cover
- Improved foot support with comfortable access to calves without crouching
- Optional Articulating Scanning Arm Board, adjustable from 0 to 130 degrees

Enhanced foot support provides comfortable access to calves without crouching. Body straps stabilize the patient and ensure safety throughout the entire procedure. The new cardiac cutout can be released from either side of the table, with nothing protruding for maximum sonographer comfort.

Open access is provided to the patient’s left thorax area for an unobstructed apical approach.

The new Articulating Scanning Arm Board is adjustable from 0 to 130 degrees and locks every 10 degrees. Redesigned side rails are flush to the table, enabling closer access to the patient, without sonographer contortion. Fowler positioning accommodates natural body extension and sitting position without slide or shift, ensuring patient comfort with a redesigned soft antimicrobial vinyl cover.
Suitable Procedures:

Lower Extremity
- Venous Insufficiency
- Venous Ablation
- Venous Reflux
- Venous Mapping and Doppler (DVT)
- Arterial Scan/Doppler (PAD)

Upper Extremity
- Arterial*
- Testicular
- Musculoskeletal
- Carotid
- Carotid Duplex
- Transcranial
- Abdomen
- Aorta
- Thyroid
- Breast
- Renal
- Renal Transplant
- Renal Artery
- Venous Access Placement and Assessment*
- SMA

* Requires optional vascular arm board

Accommodates BARIATRIC Patients

Side Rails optional, not shown.
The new Vasc Pro Vascular Ultrasound Table, designed with ergonomics in mind, addresses proper patient positioning and sonographer ergonomics, virtually eliminating repetitive strain injuries from vascular scanning. The table design improves images by providing a dramatic 30-degree reverse Trendelenburg, expanding lower extremity veins for maximum vessel dilation and faster recognition of structures.

Enhanced foot support provides more comfortable access to the calves without crouching, while the body straps stabilize the patient safely throughout the procedure. New optional side rails are flush to the table, enabling closer access to the patient, without sonographer contortion. When not in use, rails are folded beneath the table, eliminating obstruction.

Patient comfort is assured, even during lengthy procedures, by a thick mattress and table adjustability, including Fowler positioning to 80-degrees, which accommodates natural body extension and sitting position without slide or shift. New Articulating Scanning Arm Board is adjustable from 0 to 130 degrees and locks every 10 degrees.

**Vasc Pro Vascular Ultrasound Table**

**SPECIFICATIONS:**

- **Dimensions:** 73” l x 30” w (185.4 x 76.2 cm); 35” w (88.9 cm) with optional side rails
- **Height Adjustable:** 23” to 39” (58.4 to 99 cm)
- **Tabletop:** Two primary sections: torso section with Fowler positioning; lower body section remains fixed
- **Mattress:** Torso section 2” (5 cm) thick, lower body section 3” (8 cm) thick; foam rubber pad covered with seamless, durable Naugahyde®
- **Upholstery Color:** Graphite
- **Motions:**
  - Height Adjustable: 23” to 39” (58.4 to 99 cm)
  - Trendelenburg: 0° to 15°
  - Reverse Trendelenburg: 0° to 30°
  - Fowler Back: 0° to 80° infinitely adjustable
- **Controls:**
  - Hand Control: Activates height, Trendelenburg motions, Fowler positioning and auto-level motions
  - Foot Control (optional): Activates height, Trendelenburg motions, and Fowler positioning
- **Wheels:** 5” (12.7 cm) Individual locking swivel casters; central floor locking system
- **Patient Restraints:** Three body straps
- **Finish:** Powder coat
- **Patient Capacity:** 500 lb (227 kg); weight tested to four times the patient load rating.

* Requires optional vascular arm board

Accommodates BARIATRIC Patients
Economically priced rich with features

- Improved ergonomic design helps prevent musculoskeletal injuries – comfortable shoulder, arm and hand positions when scanning
- Allows seated or standing work positions
- Extra wide top with 500-lb patient capacity, suitable for bariatric patients
- Height range down to 23" accommodates wheelchair transfers and those with ambulatory difficulties
- New improved cardiac drop-down cushion, release and return from either side of table
- Redesigned side rails flush to table for closer patient access
- Motorized height and Fowler positioning redesigned to accommodate natural body extension and sitting position
- New softer feel antimicrobial vinyl mattress cover
- Optional vascular scanning arm board, adjustable from 0 to 130 degrees
- Optional headrest extension for easier thyroid and carotid access

Similar to the Echo Pro Echocardiography Table, with feature and function, the Econo Echocardiography Table is offered without Trendelenburg positions or central locking caster to deliver a lower-cost alternative.

The barrier between sonographer and patient is eliminated with the Econo Echocardiography Table, featuring a new ergonomic design that helps prevent musculoskeletal injury.

The new cardiac drop-down cushion provides the largest scanning access of any table, with the ability to release and return from either side of the table. Open access is provided to the patient’s left thorax area for an unobstructed apical approach.

Redesigned motorized Fowler back is infinitely adjustable to 80 degrees, and accommodates natural body extension and sitting positions. Patient comfort is assured through lengthy procedures with cushioned arm supports, thick mattress, and a softer feel antimicrobial pad cover.
## Sound Pro Combination Table

**SPECIFICATIONS:**

- Dimensions: 71" x 30" w (180.3 x 76.2 cm); 35" w (88.9 cm) with side rails
- Drop-Down Leg Section: 12.0° l (32 cm)
- Height Adjustable: 25" to 39" (63.5 to 99 cm)

**Details:**

- Tabletop: Three primary sections: torso section features sonographer and patient controls with Fowler positioning; center section remains fixed and leg section drops down to 40° and 80° for stirrup access.
- Drop-Down Cardiac Scanning Cushion: Release from either side of the table.
- Adjustable Sonographer Cushion: drops down or holds up for maximum access to the patient.
- Mattress: Torsion section 2" (5 cm) thick, center and leg sections 3" (8 cm) thick; foam rubber pad covered with seamless, durable Naugahyde®
- Upholstery Color: Graphite
- Motions:
  - Height Adjustable: 25" to 39" (63.5 to 99 cm)
  - Trendelenburg: 0° to ±15°
  - Fowler Back: 0° to 80° infinitely adjustable
- Controls:
  - Hand Control: Activates height, Trendelenburg motions, Fowler positioning and auto level motions
  - Foot Control: Activates height, Trendelenburg motions and Fowler positioning
- Wheels: 5" (12.7 cm) Individual locking swivel casters; central floor locking system

**Certifications:**

- ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1-M09 and EN 60601-1 standards.

**Options:**

- Two body straps
- Powder coat
- Patient Capacity: 500 lb (227 kg); weight tested to four times the patient load rating.
- Weight: 350 lb (159 kg)
- Power: 115 VAC or 230 VAC
- Warranty: Two-year

**Part Numbers:**

- 058-710 Table, Combination, Sound Pro, 115 VAC
- Includes: hand and foot controllers, folding side rails, vascular scanning arm board, retractable stirrups, IV pole and paper dispenser.
- 058-715 Table, Combination, Sound Pro, 230 VAC
- Includes: hand and foot controllers, folding side rails, vascular scanning arm board, retractable stirrups, IV pole and paper dispenser.

## Ultra Pro Ultrasound Table

**SPECIFICATIONS:**

- Dimensions: 70" x 30" w (177.8 x 76.2 cm); 35" w (88.9 cm) with optional side rails
- Drop-Down Leg Section: 12.0° l (32 cm)
- Height Adjustable: 25" to 39" (63.5 to 99 cm)

**Details:**

- Tabletop: Three primary sections: torso section with Fowler positioning, center section remains fixed and leg section drops down to 40° and 80° for stirrup access.
- Mattress: Torsion section 2" (5 cm) thick, center and leg sections 3" (8 cm) thick; foam rubber pad covered with seamless, durable Naugahyde®
- Upholstery Color: Graphite
- Motions:
  - Height Adjustable: 25" to 39" (63.5 to 99 cm)
  - Trendelenburg: 0° to ±15°
  - Fowler Back: 0° to 80° infinitely adjustable
- Controls:
  - Hand Control: Activates height, Trendelenburg motions, Fowler positioning and auto level motions
  - Foot Control (optional): Activates height, Trendelenburg motions, and Fowler positioning
- Wheels: 5" (12.7 cm) Individual locking swivel casters

**Certifications:**

- ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1-M09 and EN 60601-1 standards.

**Options:**

- Two body straps
- Powder coat
- Patient Capacity: 500 lb (227 kg); weight tested to four times the patient load rating.
- Weight: 335 lb (152 kg)
- Power: 115 VAC or 230 VAC
- Warranty: Two years

**Part Numbers:**

- 058-720 Table, Ultrasound, Ultra Pro, 115 VAC
  - Includes Hand Controller.
- 058-725 Table, Ultrasound, Ultra Pro, 230 VAC
  - Includes Hand Controller.

## Econo Ultrasound Table

**SPECIFICATIONS:**

- Dimensions: 70" x 30" w (185.4 x 76.2 cm); 35" w (88.9 cm) with optional side rails
- Drop-Down Leg Section: 12.0° l (32 cm)
- Height Adjustable: 25" to 39" (63.5 to 99 cm)

**Details:**

- Tabletop: Three primary sections: torso section with Fowler positioning, center section remains fixed and leg section drops down to 40° and 80° for stirrup access.
- Mattress: Torsion section 2" (5 cm) thick, center and leg sections 3" (8 cm) thick; foam rubber pad covered with seamless, durable Naugahyde®
- Upholstery Color: Graphite
- Motions:
  - Height Adjustable: 25" to 39" (63.5 to 99 cm)
  - Trendelenburg: 0° to 80° infinitely adjustable
- Controls:
  - Hand Control: Activates height, Fowler positioning
- Wheels: 5" (12.7 cm) Individual locking swivel casters

**Certifications:**

- ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1-M09 and EN 60601-1 standards.

**Options:**

- Two body straps
- Powder coat
- Patient Capacity: 500 lb (227 kg); weight tested to four times the patient load rating.
- Weight: 335 lb (152 kg)
- Power: 115 VAC or 230 VAC
- Warranty: Two years

**Part Numbers:**

- 058-726 Table, Ultrasound, Econo, 115 VAC
  - Includes Hand Controller.
- 058-727 Table, Ultrasound, Econo, 230 VAC
  - Includes Hand Controller.

Options are installed by the customer.
**Specifications:**

**Dimensions:** 73" l x 30" w (185.4 x 76.2 cm); 35" w (88.9 cm) with optional side rails

**Height Adjustable:** 23" to 39" (58.4 to 99 cm)

**Controls:**

- Hand Control: Activates height, Trendelenburg motions, Fowler positioning and auto-level motions
- Foot Control (optional): Activates height, Trendelenburg motions, and Fowler positioning

**Wheels:** 5" (12.7 cm) Individual locking swivel casters; central floor locking system

**Finish:** Powder coat

**Patient Capacity:** 500 lbs (227 kg); weight tested to four times the patient load rating

**Weight:** 335 lbs (152 kg)

**Power:** 115 VAC or 230 VAC

**Warranty:** Two-year

**Certifications:** ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1-M00 and EN60601-1 standards.

---

**Matress:** Torsion section 2" (5 cm) thick, lower body section 3" (8 cm) thick; foam rubber pad covered with seamles, durable Naugahyde®

**Upholstery Color:** Graphite

**Motions:**

- Height Adjustable: 23" to 39" (58.4 to 99 cm)
- Trendelenburg: 0° to +15°
- Reverse Trendelenburg: 0° to -30°

**Controls:**

- Hand Control: Activates height, Trendelenburg motions, Fowler positioning and auto-level motions
- Foot Control (optional): Activates height, Trendelenburg motions, and Fowler positioning

**Wheels:** 5" (12.7 cm) Individual locking swivel casters; central floor locking system

**Finish:** Powder coat

**Patient Capacity:** 500 lbs (227 kg); weight tested to four times the patient load rating

**Weight:** 335 lbs (152 kg)

**PEER PERSPECTIVE**

“We find that this table is easy to use and we are pleased with its performance.”

**Sound Pro Table**

“Some of the numerous features that we find exceptional on the Sound Pro, are the pivoting side rails, the retractable stirrups, and the cardiac cutouts. The construction of the side rails allows the sonographer the ability to be closer to the patient without any obstruction of the side rails hitting our knees.

Furthermore, the cardiac cutout allows the sonographer the ease to scan apical views of the heart. Lastly, we like the fact that the stirrups are retractable and hidden in the table when we do not require them. We find that this table is easy to use and we are pleased with its performance. We look forward to the next table we purchase.”

- Heather Hibner, RT, RDMS, RDMS, Lead Sonographer, Madera Community Hospital, Madera, CA

“Because the table is so accommodating, it reduces the time needed to get a quality image.”

**Echo Pro Echocardiography Table**

“Our sonographers really like the Biodex Echo Pro Table. They love the electronic height adjustment. It allows the table to be lowered to a level where even patients with limited mobility can get on it easily. Once the patient is on the table, you can then raise it - smoothly - to a level that is comfortable for the sonographers to do their job. Because the table is so easy to get on and raise, it helps us when doing stress echo’s in that we can get the patient off the treadmill, on the table and into position for imaging in a very short time.

We also like that the Biodex Echo Pro Table has Trendelenburg and Reverse Trendelenburg capability, plus an infinitely adjustable Fowler back. It is comfortable for our patients, looks great in our facility and, thanks to the drop-away sonographer cutout, allows our technicians to get up comfortably close to the patient without bending over. Because the table is so accommodating, it reduces the time needed to get a quality image.

We highly recommend that other facilities consider the Biodex Echo Pro Table. It has all the features you’ll need and it is backed by the Biodex reputation for quality and craftsmanship.”

- Bonnie Albrecht, PT, Suburban Cardiology, Williamsville, NY

“Overall, I’d call the Biodex Ultra Pro Ultrasound (Table) the Cadillac of imaging tables.”

**Ultra Pro Ultrasound Table**

“There are many aspects I like about the Biodex Ultra Pro Ultrasound Table. For starters, the size of this ergonomically designed table is good for patient comfort. It’s long enough and wide enough that patients don’t end up with their arms or feet hanging off the table.

“The remote control features are another plus. They eliminate the need to physically move, adjust or lift the patient’s head or torso; up and down, lateral tilt, Trendelenburg and reverse Trendelenburg - with a 500-pound weight limit, this table can handle and position just about any patient we encounter.

“I also like the arm extension board. During vascular exams, it allows for optimal scanning positioning without the patient’s hand draped across your lap. I also find the reverse Trendelenburg positioning for venous exams an asset when a patient is unable to stand.

“Lastly, the locking wheels and floor lock mechanism provide double protection to ensure patient safety.

“Overall, I’d call the Biodex Ultra Pro Ultrasound the Cadillac of imaging tables. It’s great for the patient while also lessening the daily wear and tear on my own body.”

- Lisa LeBlanc, BS, RDMS, RVT, RT(R)(CT), Alliance Medical Group, Watertown, CT
Improving the world’s best selling Ultrasound Tables wasn’t easy...

...but Biodex was up for the challenge.

Introducing the All New line of Ultrasound Tables from Biodex

- Ultrasound
- Echocardiography
- Vascular
**ERGONOMIC**

**Sonography Chair**

Modern, ergonomic design - Sonography Chair features a foot ring for additional support and positioning.

Modern design and manufactured with recycled materials, the Sonography Chair presents an ergonomic enhancement when scanning patients. Multiple adjustments for seat height, back height and backwards tilt tension adjustment with integrated seat slider allow for a variety of comfortable postures. A foot ring is standard for additional support and positioning. Color is charcoal grey, matching the 700 series of Biodex Ultrasound Tables.

**Foot Controller**

*Hands busy? Use Foot Control.*

The ergonomically designed Foot Controller offers the freedom to activate height, Trendelenburg motions and Fowler positioning from locations away from the table, or when hands are busy with other functions. The controller is manufactured from a metal casting for extreme durability.

**IV Pole**

*Easily attaches for quick convenience*

The optional IV Pole mounts in a bracket at the head end of the table. Constructed of stainless steel, this IV Pole is height adjustable.

Visit OSHA’s website at [www.osha.gov](http://www.osha.gov) on "Sonography: Positioning Patients and Equipment" which discusses not only the sonography chair but also exam tables. Biodex meets all of the sonographer’s needs!

**Articulating Scanning Arm Board**

Adjustable from 0° - 30°, locking every 10°

For the gamut of upper extremity vascular procedures, the optional arm board is used to support the patient’s arm and can be mounted to either side of the table. The arm board is adjustable from 0 to 130 degrees, locking every 10 degrees. It is required to perform upper extremity arterial and upper extremity venous procedures.
Paper Dispenser
Includes Cutter Strap

The optional Paper Dispenser mounts to the head end of the table. The dispenser is manufactured to hold a roll of hygienic table paper. Includes cutter strap.

058-611 ..................................................Dispenser, Paper with Cutter Strap
056-612 ..................................................Table Paper, Hygienic, 12 rolls

18" w x 225' l (46 cm x 69 m)

Folding Side Rails
Safety and Convenience

Fold-away side rails provide added safety without obstructing patient access. When stowed, the side rails fold out of the way, allowing the sonographer total patient access and comfortable scanning positioning.

058-633 ..................................................Folding Side Rails

Retractable Stirrups
Contoured heel cup for comfortable support

Retractable Stirrups expand function of the table to include endovaginal, hysterosonography, testicular, OB and more. Bottom cushion of the table drops out of the way for unobstructed access.

058-652 ..................................................Stirrups, Retractable

Headrest Extension
Ideal for thyroid and carotid studies

The NEW optional Headrest Extension is removable and adjustable, providing convenient access and patient comfort. Extension drops down 15° for easy access to perform thyroid and carotid studies. It’s versatility allows you to extend the length of the table to accommodate taller patients.

058-738 ..................................................Extension, Headrest

The Table Adjusts...
...not you, not the patient.

Biodex Ultrasound Tables are “Sonographer Friendly”. They allow the sonographer to adjust the table to ergonomically correct positions, thus avoiding sonographer pain or injury. Biodex tables can shorten exam time and improve results. Whether you are looking for an ultrasound table for OB/GYN, echocardiography or vascular applications, Biodex is the answer.

Biodex Medical Imaging Tables are engineered and manufactured to only one level of quality… the best. Dependability and exceptional performance allow you to forget about the product and focus on the patient - that's your “Clinical Advantage.” Combine that with competitive prices to make Biodex the obvious choice.
